

## Special Topics in Jungian Psychology Spring 2025

Six classes offered by the C. G. Jung Institute of Colorado

Jungian psychology connects us to the rich and mysterious inner world that our culture so often discounts. We will continue to reflect on these mysteries in this spring's classes. This series of classes will explore each chapter of Jung's *Man and His Symbols*. *Man and His Symbols* is the last work undertaken by Jung before his death in 1961. This work seeks to provide a clear explanation of his often complex theories for a wider readership. (Finding a hard copy of this book is highly recommended.)

Meetings will be on Zoom, Wednesday evenings.
